At this Season

of the year Coughs and Colds are prevalent. The changeable weather, Snow, Sleet and Rain, Colds are easily taken, and if not promptly treated, often develop into Pneumonia or other serious lung trouble. Would it not be wise to use all precautions possible? A Cold when first taken is often easily checked. There is no better Remedy or safer cure for Coughs and Colds than Dr. Classe's Cough Syrup. A few doses when the Cold is first taken often gives immediate relief. It is soothing and healing to the lungs and relieves them of all irritation. In Croup it gives immediate relief and can be given to the youngest child with perfect safety.
